

QUALITY POLICY

GOAL

- Tubos de Precision Delmas in his manufacturing activity of precision welded and calibrated steel tubes continuously improves the quality, placing ourselves one step ahead of the customer's expectations.
- Our goal is to become the leading supplier in the precision small diameter welding steel tube European market and to be internationally competitive.
- The quality compromise guarantees our organisation' future, the qualification and involvement of our employees, as well.
- Being constantly open to new projects, new items , taking care of continued innovation in machinery and or processes , as well.

COMPROMISE

- Our goal to satisfy the customer's expectations further than sale's price
- Our strength is based on the employees and we always provide them with an environment that allows motivation, competence and pride of their contribution in the done work. The quality is task of all employees in the company with no exception.
- Being constantly open to new projects, new items , taking care of continued innovation in machinery and or processes , as well.

OPERATIONAL VALUES

We will support and develop an organization:

- Focused in non stop improvement
- Aimed to satisfy the customer's expectations
- Based on the teamwork
- Guaranteed a safe work enviroment
- Dis Stimulated initiative, innovation and creativity.

To achieve all stated we will set global indicators. The quality goals that will be checked within fixed periods by the general council and will be assessed its maintenance, its change or its readjustment.

The organisation's relationship , internally with our collaborators and externally with our subcontractors , suppliers and customers , will be honest, objective and straight , always recognizing always person's dignity as a team's member. We admit that these are the shared values in Tubos de precision Delmas S.L.
